## **Explanatory Notes to Accounts 2021-22**

As the year progressed with reducing Covid threat we organised a few events to bring our members together socially. We deliberately treated them as welfare rather than profit making functions, which is why we are reporting a planned loss over the year.

## **President's Charity**

At our Annual General Meeting, held prior to the St Andrew's Day Lunch in November 2021, the Members decided by vote to name '*Young Carers' Northampton* as the nominated President's Charity.

As minimal funds were generated that year it is planned for the Association to present a cheque to '*Young Carers*' at a future event this current year.

## **Public Liability Insurance.**

As a result of national inactivity our insurers applied a reduced premium for the year 2020/21 and the premium suspended for 2021/22. It is being reinstated in May 2022.
